

# BC Series Tanks

We are pleased to inform you that the Tanks range is enriched with the introduction of the BC series (450x500) composed by:

- **Multifittings oil tanks** with a capacity range from 60 to 100 liters and two different types of fitting: lateral and rear cabin. This feature makes these products an ideal solution for all those setups where a compact, sturdy and reliable tank is required and where the installation space is limited.
- **Oversized fuel tanks** with a capacity range from 80 to 300 liters, approved according to UN Directive ECE 34 E3, built with the most advanced technologies and subjected to scrupulous testing. These tanks are designed for all applications where a certified quality, reliable and durable product is required. The BC oversized fuel tanks can be easily installed on: industrial vehicles of the most important European brands, agricultural and industrial machinery, forklifts, vehicles and construction equipment.

## • Multifittings oil tanks

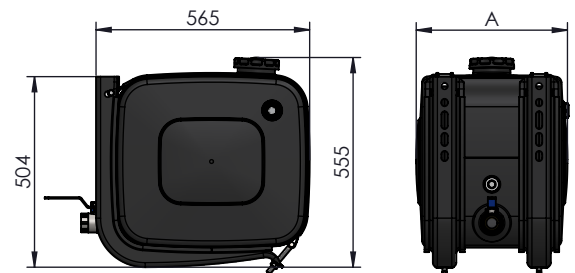

Aluminium

Tank code	Filling capacity	A	Suction port	Weight
		mm		Kg
<b>H1ANBC03540</b>	<b>60-70</b>	350	G 1-1/4	9.3
<b>H1ANBC04040</b>	<b>80</b>	400		9.8
<b>H1ANBC04540</b>	<b>90</b>	450		10.4
<b>H1ANBC05040</b>	<b>100</b>	500		11

Mounting kit to be ordered separately

Coated steel
