

Bent axis piston pumps

HDS series

We are pleased to announce the extension of the HDS piston pump range with the addition of the 96cc displacement variant, offering enhanced performance capabilities for high-demand hydraulic applications.

Ordering code:

- BSP (GAS) ports: **60100110963** right rotation
60100110969 left rotation
- SAE ports: **60100150963** right rotation
60100150969 left rotation
